

ABES Feeder-Bollard 300-2

ABES-ArtNr: 300.020.

Specifications

Feeder-Bollard 300-2 is a cylindrical tube with a circumferential set-on ring in the top section as well as a hemispherical upper closure. Access to the internal circuit via a lockable door, including cable slide.

Finish

· Powder coating in standard RAL colours or DB 703 glimmer grey.

Notice

Accessories and special requirements such as different colours, red and white paint, reflective film or powder coating of chains, rings, shackles, etc. in the same colour as the bollard are available on request at a surcharge.
